PROFESSIONAL EXPERIENCE

- Storyvox Studio**, Environment Artist & Virtual Production Intern 08/2025 – 05/2026 | Sarasota, FL
- Work Closely with the Virtual Production team, Producers and Art Directors to develop and create virtual scenes in Unreal Engine for commercial productions.
 - Experience with virtual production hardware, including Mars CamTrack system, LED wall setup, and general virtual production technical creation within Unreal Engine.
 - Assist in debugging and optimizing graphics for smooth playback and interaction within Unreal Engine environments.

PROJECTS

- Dungeon Crawl**, Environment Artist / Developer 01/2025 – 05/2026
- Planned and executed a complete environment art pipeline from pre-production through final playable experience using Unreal Engine 5.
 - Authored 40+ modular, game-ready assets with a focus on reusability, and adherence to the established art direction.
 - Maintained a high-to-low poly asset pipeline, sculpting in ZBrush and optimizing for real time use in UE5.

LEADERSHIP EXPERIENCE

- Ringling College of Art and Design**, Game Art / Virtual Reality Lab Monitor 08/2022 – 05/2026 | Sarasota, FL
- Oversee the operation and maintenance of seven computer labs.
 - Collaborated with IT staff to resolve hardware and software problems with technology.
 - Offer technical support to students, helping with revision control, troubleshooting, and coursework-related issues.
 - Conduct interviews and collaborate with the department to select new lab monitors as graduates leave.
- Ringling College of Art and Design**, Mentor, Game Art Supporter Program 10/2024 – 05/2026 | Sarasota, FL
- Guide and mentor underclassmen through projects using production techniques and software proficiency.
 - Identify and troubleshoot technical issues to ensure a smooth learning experience.
 - Relay and apply gained knowledge to underclassmen to support their learning outcome as a growing artist.

SKILLS

Software

- Maya
- Unreal Engine 5
- Substance Designer
- Substance Painter
- ZBrush
- Photoshop
- xNormal
- Perforce
- Houdini

Environment Art

- Modular Asset Creation
- World Building
- PBR Texturing
- Lighting
- High to Low Poly Workflow
- Hard Surface Modeling
- Organic Sculpting
- Trim Sheets

Technical

- Virtual production protocol
- MarsCamera Tracker
- LED volumes
- Pre-Viz
- Optimization
- PCG

EDUCATION

- Ringling College of Art and Design**, Bachelor of Fine Arts, Game Art 05/2026 | Sarasota, FL
- Mohawk Valley Community College**, Associates Applied Science, Game Art 05/2021 | Utica, NY
Presidents List: Fall 2020, Spring 2021
